* **Pre-65 Retiree Value option:** If you cover dependents, the Plan starts paying benefits for an individual's claims only after the *total* family deductible has been met, even if those expenses are incurred by only one individual. Similarly, the Plan starts paying 100% only after the *total* family out-of-pocket maximum has been met, even if those expenses are incurred by only one individual.

** Please refer to the Annual Notice of Change that was mailed to you by UHC.

Charges above usual and customary (U&C) limits are member's responsibility. Amounts above U&C do not count toward the annual deductible or the out-of-pocket maximum.
