Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

January 1, 2013 Plan Year

7.16%

December 1, 2013 Plan Year

7.16%

Trust Expenses Included in Target Normal Cost

Based on the prior year's actual plan administrative expenses (excluding PBGC premiums) plus the PBGC premiums for the current year, rounded up to the nearest \$1,000

Participants Over the Age to Commence Required Minimum Distributions

Inactive deferred vested participants who are over the age of 70½ are assumed to be irretrievable. These participants are included in the participant counts but their benefits have been excluded from the calculation of the liabilities.

Cash Balance Formula

Normal Retirement

Eligibility

Age 65

Annual Benefit

The greater of (a) and (b) below:

- (a) An amount equal to the actuarial equivalent of the participant's Cash Balance Account payable in the form of a life annuity; or
- (b) The participant's accrued benefit as of December 31, 2001, earned under the provisions of the plan in effect at that time.

Opening Cash Balance Account

A participant's opening cash balance account is zero at date of hire for employees who become participants on or after January 1, 2002. For plan participants prior to January 1, 2002, the opening account was created by converting the December 31, 2001 accrued benefit into an equivalent present value (using 5.50% interest, 1983 GATT mortality, and age 65 retirement).

Pay Credits

The annual pay credit was added to the cash balance account after interest was credited for the year. A participant was eligible for a pay credit if they had earned one year of benefit service (had worked one hour during the year).

The annual pay credit was based on annual pensionable earnings, and was an amount equal to (a) plus (b) below:

- (a) 4% of pensionable earnings less than or equal to 1/2 of the Social Security Wage Base for the year; plus
- (b) 6% of pensionable earnings greater than 1/2 of the Social Security Wage Base for the year

No additional pay credits will be granted after January 1, 2005

Interest Credits

Interest is credited to the account annually. The annual interest rate is the 30-Year Treasury Rate for September of the year prior to the year in which interest is credited.

Legacy Banta Hourly Pension Plan—Book Group

Effective Date of Original Plan January 1, 1959. Restated effective January 1, 1999. Effective December 31, 2010, the plan was merged into the Retirement Benefit Plan of R.R. Donnelley & Sons Company.

Eligibility An hourly-paid employee of a participating unit will become a participant on the nearest January 1 after attaining age 21 and one year of service (1000+ hours)

After December 31, 2014, no additional individuals shall become participants of the plan.

Normal Retirement Eligibility

Age 65 and five years of service

Benefit

For members of the Maintenance Unit, the monthly pension on a single-life basis is \$33 per month per year of service for terminations on or after February 4, 2008

For all other units, the monthly pension on a single-life basis is a frozen amount equal to the participant's accrued benefit at the following rates:

Unit	Rate	Date Frozen
Bookbinders	\$9.00	December 31, 1983
Letterpress	\$5.50	December 31, 1977
Lithographers	\$3.75 (max of \$125/mo.)	December 31, 1983

In addition to this frozen amount, the Bookbinders unit is guaranteed a minimum monthly benefit of \$20 per year of Credited Service payable at age 62. The Lithographers unit is guaranteed a minimum of \$16 per month, per year of Credited Service payable at age 65 (reduced 6% per year if payable prior to age 65). Under both minimums, the participant must retire on or after age 62. The minimum is offset by all other company-sponsored pension benefits, including the frozen amount under this plan.

Benefit

Commences on the first day of the month coincident with or next following the date of disability, provided all eligibility requirements are met. The benefit payable is equal to the accrued benefit as of the date of disability.

Preretirement Surviving Spouse Benefit
Eligibility

Five years of Vesting Service

Benefit

If a participant has five or more years of vesting service at the time of their death, but is less than age 60 or is not an active employee, the surviving spouse is entitled to an annuity commencing when the participant would have reached age 60. This annuity is equal to one-half of the annuity the participant would have received if they had terminated employment on the day before their death, survived to age 60, and elected an early retirement pension payable in the form of a 50% joint and survivor annuity.

If an active participant is age 60 or older at the time of their death, their surviving spouse is entitled to an immediate life annuity equal to one-half of the participant's accrued benefit, reduced for early retirement in the form of a 50% joint and survivor annuity.

However, if the participant dies after 15 years of Vesting Service, in lieu of the above, the monthly pension payable can be equal to one-half of the monthly amount which the employee would have been entitled to receive if the participant had retired on the day preceding death as if the participant had been eligible for a normal pension on such date. Payments shall commence on the first of the month following the death (without early distribution reductions) of the participant and shall continue for 60 months or until the death of the surviving spouse, if earlier.

Vested Termination Benefits
Eligibility

Five years of Vesting Service

Vesting Service

Vesting Service shall be granted for the period after the date of their last period of continuous employment commenced to termination of employment

Credited Service

Eligibility for benefits is determined by a participant's service. Service consists of an employee's last period of continuous employment. Credited Service is used to determine the amount of benefits payable under the Plan. Credited Service shall be granted for the period after the date of their last period of continuous employment commenced to termination of employment.

Accrued Benefit

The participant's accrued benefit at any given date is determined under the normal retirement formula described below, but is based on current credited service

Normal Form of Benefit

Life annuity for unmarried participants or an actuarially equivalent 50% joint and survivor annuity if the participant is married

Optional Payment Forms

Single life annuity (for married participants), 100% or 75% Joint and Survivor annuity, or Social Security level income option

Preretirement Surviving Spouse Benefit
Eligibility

Five years of Vesting Service

Benefit

If a participant has five or more years of vesting service at the time of their death, but is less than age 60 or is not an active employee, the surviving spouse is entitled to an annuity commencing when the participant would have reached age 60. This annuity is equal to one-half of the annuity the participant would have received if they had terminated employment on the day before their death, survived to age 60, and elected an early retirement pension payable in the form of a 50% joint and survivor annuity.

If an active participant is age 60 or older at the time of their death, their surviving spouse is entitled to an immediate life annuity equal to one-half of the participant's accrued benefit, reduced for early retirement in the form of a 50% joint and survivor annuity.

However, if the participant dies after 15 years of Vesting Service, in lieu of the above, the monthly pension payable can be equal to one-half of the monthly amount which the employee would have been entitled to receive if the participant had retired on the day preceding death as if the participant had been eligible for a normal pension on such date. Payments shall commence on the first of the month following the death (without early distribution reductions) of the participant and shall continue for 120 months or until the death of the surviving spouse, if earlier.

Disability Retirement
 Eligibility

Age 50 and 10 years of Vesting Service

Benefit

Before Normal Retirement

Benefit calculated in the same manner as early retirement benefit including early retirement reductions

After Normal Retirement

Commencing on the participant's normal retirement date, if then living and still disabled, the normal retirement benefit, payable for life, shall be calculated assuming service, as of the date of disability.

Preretirement Surviving Spouse Benefit
 Eligibility

Unless an election is made to the contrary, a preretirement spouse's death benefit is provided in the event of the death of any active participant with 5 years of Vesting Service or a terminated participant who is eligible for a vested retirement benefit.

Benefit

The beneficiary of a participant who dies while in active service is entitled to a lump-sum benefit equal to \$100 times the number of years of service after January 1, 1999 and prior to January 1, 2014, reduced by the amount of any disability benefits received. The lump sum benefit is not to exceed \$2,000.

If a participant does not waive the preretirement survivor coverage, any retirement benefits payable to or on behalf of the participant will be reduced by a coverage charge. The coverage charge is based upon the age of the participant during each year of coverage as follows:

Attained Age	Percent Reduction
Under 35	0.00%
35–40	0.05%
40–45	0.10%
45–50	0.20%
50–55	0.35%
55–65	0.50%

If coverage is not waived, the monthly pension payable shall equal 50% of the amount the participant would have received (based on the accrued benefit at death) had the participant elected the joint and survivor annuity and commenced payments at the earliest possible date.

Vested Termination Benefits
Eligibility

A participant is 100% vested upon completion of 5 years of Vesting Service

Benefit

The termination benefit is equal to the vested accrued benefit, payable in the normal form, commencing at normal retirement date. Optionally, the participant may elect to receive a reduced benefit commencing prior to normal retirement date.

Definitions

Vesting Service

Plan years during which a participant completes not less than 1,000 hours of service

Credited Service

Credited service, used to determine the amount of benefits, is based on the number of 8 hour shifts worked during the plan year. A participant receives a full year of credited service for 250 shifts, or one-tenth of a year for each 25 shifts.

Eight hours of service constitutes a shift worked. Credited service does not include periods of employment (a) prior to January 1, 1960, (b) prior to a participant's most recent date of hire before January 1, 1975, or (c) as a salaried or administrative employee.

Accrued Benefit

The participant's accrued benefit at any given date is determined under the normal retirement formula described below, but is based on current Credited Service.

Benefit

The deferred benefit, to commence at the participant's Normal Retirement Date, is equal to the sum of (i) the deferred benefit, if any, purchased by their own contributions to the Plan, and (ii) the remainder of an amount determined in the same manner as in Normal Retirement Benefit for the deferred early retirement benefit, multiplied by a vesting percentage from the following table:

Years of Vesting Service	Rate
Less Than 3	0%
3	20%
4	40%
5	60%
6	80%
7 or More	100%

If the employment of a participant is terminated before they are eligible for any other benefits under the Plan, the participant is entitled to the return of their contributions to the Plan, with interest.

Post-Retirement Death Benefits

In the event of the death of a participant after retirement, the beneficiary will receive any remaining guaranteed annuity payments, or survivor benefits, depending upon the option selected by the participant. If an option other than a joint and survivor option has been elected, the participant's beneficiary will receive the excess, if any, of the participant's personal contributions (including interest) over the amount of monthly benefits actually paid.

For certain employees insured before January 1, 1962, there is a death benefit of \$5,000. For certain employees insured after January 1, 1962, there is a death benefit of \$1,000. These employees are identified in historical valuation data.

Contributions
 Participant Contributions

Participants who wish to receive benefits from the Optional Contributory Retirement Income portion of the Plan contribute 3% of each year's earnings in excess of \$3,600.

³The preretirement death benefit for the Special Enhancement has the same provisions as the Pension Equity death benefit.

Schedule SB Attachment (Form 5500)—December 1, 2014 Plan Year
Bowne Pension Plan
EIN: 36-1004130 PN: 022

Effective October 15, 2003, the plan was amended to define the accrued benefit as the actuarial equivalent five-year certain and continuous annuity calculated as of December 31, 2000. The lump sum will be recalculated based on the participant's age and interest rate at the time of calculation.

Early Retirement

Eligibility

Age 55 and 10 years of vesting service

Benefit Reduction for Early Payment

The accrued benefit payable at normal retirement shall be reduced by 6% per year for each year by which benefit commencement precedes age 65.

Disability Retirement⁴

Eligibility

Totally and permanently disabled before June 4, 2001

Benefit

The accrued normal or early retirement benefit payable immediately. If the employee was a participant in the Company's LTD plan, they will continue to accrue benefits under the retirement plan based on compensation prior to disablement. These benefits are payable at age 65 or upon termination of LTD benefits if later.

If the disabled participant qualifies for Social Security disability benefits (or would qualify if the participant was covered under the Federal Social Security Act), early retirement reduction will not apply.

Preretirement Death Benefit

Eligibility

Eligible for a vested benefit

Benefit

The lump sum that the participant would have received if the participant had terminated employment on their date of death.

Vested Termination Benefits

Eligibility

Five years of vesting service

Benefit

Accrued benefit can be payable immediately as a lump sum or a monthly annuity. Monthly annuities commencing prior to age 55 are the actuarial equivalent of the reduced age 55 monthly annuity.

⁴ Historical disability provisions prior to January 1, 2005. See Career Average Formula for current disability provisions.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

January 1, 2013 Plan Year

7.16%

December 1, 2013 Plan Year

Trust Expenses Included in Target Normal Cost

Based on the prior year's actual plan administrative expenses (excluding PBGC premiums) plus the PBGC premiums for the current year, rounded up to the nearest \$1,000

Participants Over the Age to Commence Required Minimum Distributions

Inactive deferred vested participants who are over the age of 70½ are assumed to be irretrievable. These participants are included in the participant counts but their benefits have been excluded from the calculation of the liabilities.

Cash Balance Formula

Normal Retirement

Eligibility

Age 65

Annual Benefit

The greater of (a) and (b) below:

- (a) An amount equal to the actuarial equivalent of the participant's Cash Balance Account payable in the form of a life annuity; or
- (b) The participant's accrued benefit as of December 31, 2001, earned under the provisions of the plan in effect at that time.

Opening Cash Balance Account

A participant's opening cash balance account is zero at date of hire for employees who become participants on or after January 1, 2002. For plan participants prior to January 1, 2002, the opening account was created by converting the December 31, 2001 accrued benefit into an equivalent present value (using 5.50% interest, 1983 GATT mortality, and age 65 retirement).

Pay Credits

The annual pay credit was added to the cash balance account after interest was credited for the year. A participant was eligible for a pay credit if they had earned one year of benefit service (had worked one hour during the year).

The annual pay credit was based on annual pensionable earnings, and was an amount equal to (a) plus (b) below:

- (a) 4% of pensionable earnings less than or equal to 1/2 of the Social Security Wage Base for the year; plus
- (b) 6% of pensionable earnings greater than 1/2 of the Social Security Wage Base for the year

No additional pay credits will be granted after January 1, 2005

Interest Credits

Interest is credited to the account annually. The annual interest rate is the 30-Year Treasury Rate for September of the year prior to the year in which interest is credited.

Legacy Banta Hourly Pension Plan—Book Group

Effective Date of Original Plan January 1, 1959. Restated effective January 1, 1999. Effective December 31, 2010, the plan was merged into the Retirement Benefit Plan of R.R. Donnelley & Sons Company.

Eligibility An hourly-paid employee of a participating unit will become a participant on the nearest January 1 after attaining age 21 and one year of service (1000+ hours)

After December 31, 2014, no additional individuals shall become participants of the plan.

Normal Retirement Eligibility

Age 65 and five years of service

Benefit

For members of the Maintenance Unit, the monthly pension on a single-life basis is \$33 per month per year of service for terminations on or after February 4, 2008

For all other units, the monthly pension on a single-life basis is a frozen amount equal to the participant's accrued benefit at the following rates:

Unit	Rate	Date Frozen
Bookbinders	\$9.00	December 31, 1983
Letterpress	\$5.50	December 31, 1977
Lithographers	\$3.75 (max of \$125/mo.)	December 31, 1983

In addition to this frozen amount, the Bookbinders unit is guaranteed a minimum monthly benefit of \$20 per year of Credited Service payable at age 62. The Lithographers unit is guaranteed a minimum of \$16 per month, per year of Credited Service payable at age 65 (reduced 6% per year if payable prior to age 65). Under both minimums, the participant must retire on or after age 62. The minimum is offset by all other company-sponsored pension benefits, including the frozen amount under this plan.

Benefit

Commences on the first day of the month coincident with or next following the date of disability, provided all eligibility requirements are met. The benefit payable is equal to the accrued benefit as of the date of disability.

Preretirement Surviving Spouse Benefit
Eligibility

Five years of Vesting Service

Benefit

If a participant has five or more years of vesting service at the time of their death, but is less than age 60 or is not an active employee, the surviving spouse is entitled to an annuity commencing when the participant would have reached age 60. This annuity is equal to one-half of the annuity the participant would have received if they had terminated employment on the day before their death, survived to age 60, and elected an early retirement pension payable in the form of a 50% joint and survivor annuity.

If an active participant is age 60 or older at the time of their death, their surviving spouse is entitled to an immediate life annuity equal to one-half of the participant's accrued benefit, reduced for early retirement in the form of a 50% joint and survivor annuity.

However, if the participant dies after 15 years of Vesting Service, in lieu of the above, the monthly pension payable can be equal to one-half of the monthly amount which the employee would have been entitled to receive if the participant had retired on the day preceding death as if the participant had been eligible for a normal pension on such date. Payments shall commence on the first of the month following the death (without early distribution reductions) of the participant and shall continue for 60 months or until the death of the surviving spouse, if earlier.

Benefit

Before Normal Retirement

Benefit calculated in the same manner as early retirement benefit including early retirement reductions

After Normal Retirement

Commencing on the participant's normal retirement date, if then living and still disabled, the normal retirement benefit, payable for life, shall be calculated assuming service, as of the date of disability.

Preretirement Surviving Spouse Benefit
 Eligibility

Unless an election is made to the contrary, a preretirement spouse's death benefit is provided in the event of the death of any active participant with 5 years of Vesting Service or a terminated participant who is eligible for a vested retirement benefit.

Benefit

The beneficiary of a participant who dies while in active service is entitled to a lump-sum benefit equal to \$100 times the number of years of service after January 1, 1999 and prior to January 1, 2014, reduced by the amount of any disability benefits received. The lump sum benefit is not to exceed \$2,000.

If a participant does not waive the preretirement survivor coverage, any retirement benefits payable to or on behalf of the participant will be reduced by a coverage charge. The coverage charge is based upon the age of the participant during each year of coverage as follows:

Attained Age	Percent Reduction
Under 35	0.00%
35–40	0.05%
40–45	0.10%
45–50	0.20%
50–55	0.35%
55–65	0.50%

If coverage is not waived, the monthly pension payable shall equal 50% of the amount the participant would have received (based on the accrued benefit at death) had the participant elected the joint and survivor annuity and commenced payments at the earliest possible date.

3	20%
4	40%
5	60%
6	80%
7 or More	100%

If the employment of a participant is terminated before they are eligible for any other benefits under the Plan, the participant is entitled to the return of their contributions to the Plan, with interest.

Post-Retirement Death Benefits

In the event of the death of a participant after retirement, the beneficiary will receive any remaining guaranteed annuity payments, or survivor benefits, depending upon the option selected by the participant. If an option other than a joint and survivor option has been elected, the participant's beneficiary will receive the excess, if any, of the participant's personal contributions (including interest) over the amount of monthly benefits actually paid.

For certain employees insured before January 1, 1962, there is a death benefit of \$5,000. For certain employees insured after January 1, 1962, there is a death benefit of \$1,000. These employees are identified in historical valuation data.

Disability Retirement Eligibility

Age 55

Benefit

Accrued benefit on disability retirement date reduced to reflect the fact that the disability retirement precedes normal retirement date. Reduction factors are equal to those applied to early retirement.

Preretirement Surviving Spouse Benefit Eligibility

Qualified married participant fully or partially vested in an accrued benefit

Benefit

Greater of (a) and (b) below:

- (a) Survivor Annuity Death Benefit—Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death. If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to their earliest retirement date, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.
- (b) Single Sum Death Benefit—Lump sum payment of the participant's contribution account on date of death payable to beneficiary.

Schedule SB Attachment (Form 5500)—December 1, 2014 Plan Year
Bowne Pension Plan
EIN: 36-1004130 PN: 022

Vested Termination Benefits
Eligibility

20% after three years of vesting plus 20% per year thereafter, up to 100%

Benefit

Equal to the sum of (a) and (b) below:

- (a) The amount of retirement annuity which could be provided on normal retirement date by the participant's contribution account.
- (b) Vesting percentage times the excess of the accrued benefit as of the date of termination over (a) above.

Late Retirement
Eligibility

Maximum age is 70½

Benefit

Benefit credit continued to be earned until attained age 65. Retirement benefits after age 65 are increased by an amount that can be provided by the accumulation of benefit payments between age 65 and actual retirement.

Readjustment Allowance Benefit
Eligibility

Active participant who has attained age 62 with five years of service, but not attained age 65, and retires during this period

Benefit

Single sum payment or fixed period installments, not to exceed six months. Monthly compensation multiplied by an adjustment factor based on the participant's attained age, as described in the plan. This allowance benefit is in addition to the other retirement benefits allowed under the plan.

Supplemental Income

The monthly retirement income which a plan member receives at retirement will vary depending upon the investment performance of the separate account. However, a minimum benefit equal to the retirement income paid at retirement is guaranteed. If the variable retirement income is less than the minimum benefit, the difference is paid as a supplemental income.

Legacy Retirement Income Plan of Moore Wallace North America, Inc.

Effective Date of Original Plan December 30, 1947. Restated effective January 1, 2010. Effective December 31, 2012, the plan was merged into the Retirement Benefit Plan of R. R. Donnelley & Sons Company.

Eligibility An employee becomes a participant on attaining age 21 and one year of service. Plan participation is closed to new hires after December 31, 2011.

Benefit Accruals Benefit accruals were frozen for all participants as of December 31, 2011.

Participant Contributions None after January 1, 1972

Retirement Income Generally applies to service earned prior to July 1, 1997. Employees who met the following criteria as of June 30, 1997 had the option to keep coverage under the Retirement Income Plan formula for service earned through December 31, 2000:

- Age 65, or
- Age 50 with 10 years of service, or
- Age 45 with 20 years of service

Pension Equity Generally applies to service earned between July 1, 1997 and December 31, 2000. All accruals under this formula were frozen as of December 31, 2000.

Career Average Effective January 1, 2005, all existing employees began accruing benefits under the new Career Average Formula. Additionally, all newly hired employees will accrue benefits under this new formula.

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bowne Pension Plan (the "plan"), which comprise the statements of net assets available for benefits as of November 30, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Northern Trust Company, the trustee of the plan (the "Trustee") and Principal Life Insurance Company, the Issuer of the Group Annuity Contracts (the "Issuer") except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee held the Plan's investments and executed Plan transactions for the years ended November 30, 2015 and 2014. The plan administrator has obtained a certification from the Trustee and Issuer as of and for the years ended November 30, 2015 and 2014, that the information provided to the plan administrator by the Trustee and Issuer is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 13 to the financial statements, the 2014 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), Schedule H Line 4(i) - Schedule of Assets (Acquired and Disposed within Year), and Schedule H Line (j) - Schedule of Reportable Transactions, as of and for the year ended November 30, 2015 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustees and Issuer, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2014 AND 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Bowne Pension Plan (the “Plan”) is provided for general information purposes only. The Plan is a defined benefit pension plan sponsored by R. R. Donnelley & Sons Company (the “Company”) for the benefit of certain of its employees and former employees, certain employees and former employees of certain of its affiliates and certain beneficiaries and alternate payees. The Company assumed sponsorship of the Plan effective December 31, 2015. The Plan was previously sponsored by RR Donnelley Financial, Inc. The description is a high-level summary. For more complete information, refer to the Summary Plan Descriptions and the Plan document, including any modifications and amendments thereto.

General

The Plan is a defined benefit pension plan covering most domestic employees of the Company and its participating affiliates, other than employees hired after December 31, 2011 who are not covered by a collective bargaining agreement requiring their participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan consists of the following Component Plans, each of which reflects historical terms of a plan that was merged into the Plan or the Retirement Benefit Plan of R.R. Donnelley & Sons Company (the “Legacy Donnelley Plan”) prior to the Legacy Donnelley Plan’s merger into the Plan on December 31, 2013: (i) the RR Donnelley Component Plan (which reflects historical terms of the Legacy Donnelley Plan as in effect prior to the merger into the Legacy Donnelley Plan of other “Legacy Plans” (as defined below)); (ii) the R.R. Donnelley Printing Companies Component Plan (which reflects historical terms of the Merged Retirement Income Plan for Employees of R.R. Donnelley Print Company, L.P. and R.R. Donnelley Printing Company (sometimes referred to as the Meredith Burda Plan)) (the “Printing Companies Component Plan”); (iii) the Banta Employees Component Plan (which reflects historical terms of the Banta Corporation Employees Pension Plan); (iv) the Banta Book Group Component Plan; (v) the Banta Danbury Component Plan; (vi) the Banta Specialty Converting Component Plan (which collectively with the Component Plans described in clauses (iv) and (v) reflect historical terms of the Banta Hourly Pension Plan and are referred to herein as the “Banta Hourly Component Plans”); (vii) the Haddon Component Plan (which reflects historical terms of the Haddon Craftsmen, Inc. Retirement Plan); (viii) the Moore Wallace Component Plan (which reflects historical terms of the Retirement Income Plan of Moore Wallace North America, Inc.), which was merged into the Legacy Donnelley Plan on December 31, 2012; and (ix) the Bowne Component Plan (which reflects historical terms of the Plan as in effect prior to the Legacy Donnelley Plan’s merger into the Plan). The term “Legacy Plan” is used herein to refer to a plan prior to the time it was merged with and into the Legacy Donnelley Plan or to the terms of the Legacy Donnelley Plan or the Plan prior to the relevant mergers, as applicable. The Plan consists of (i) a base document, which includes terms generally applicable to all participants in the Plan, and (ii) multiple supplements, each of which includes terms applicable to a Component Plan.

The Plan is administered by the Plan’s Benefits Committee and its delegates and allocatees. Aon Hewitt, LLC was the Plan recordkeeper until December 31, 2014, and Milliman has been the Plan recordkeeper since January 1, 2015. Pursuant to a trust agreement with Donnelley, The Northern Trust Company (the “Trustee”) acts as the trustee of the Retirement Benefit Trust of R. R. Donnelley & Sons Company (the “Trust”), which is maintained for the purpose of holding assets of, and paying benefits under, the Plan. Principal Life Insurance Company (“Principal”) is the issuer of the group annuity contracts, described in more detail on page 7. Until August 25, 2014, the Company maintained a separate trust (the “Bowne Pension Trust”) for the purpose of holding assets of, and paying benefits under, the Plan; however, all assets of the Bowne Pension Trust were transferred to the Trust during 2014 and the Bowne Pension Trust was terminated effective on August 25, 2014.

Merger with the Plan

The Plan was amended effective December 31, 2013 to merge the Legacy Donnelley Plan with and into the Plan.

Pension Benefits

The Plan was frozen effective December 31, 2011, such that no participant (other than those participants covered by a collective bargaining agreement that requires continued benefit accruals), may earn an accrued benefit under the

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Plan with respect to any plan year which begins on or after January 1, 2012. For plan benefits that were available prior to January 1, 2012, refer to the plan documents, including the Summary Plan Description. Participants generally vested in their accrued benefits after three to five years of service as specified in the plan documents.

The Plan's normal form of payment is a single life annuity for single participants and a 50% qualified joint and survivor annuity for married participants. Participants may also elect to have monthly benefits paid under other actuarially equivalent joint and survivor annuities and, in certain circumstances, a social security leveling option. Individual Component Plans may also provide for benefits be taken as a lump sum payment and for a pre-retirement death benefit to the participant's surviving spouse should the participant die between the age at which the participant becomes fully vested and his or her benefit commencement date. For more information about plan payments refer to the Plan documents.

Employee After-Tax Contributions

Pursuant to certain Component Plans described below, certain participants have made contributions that may be withdrawn in certain circumstances.

RR Donnelley Component Plan

Prior to age 55, participants in the RR Donnelley Component Plan were permitted to withdraw their employee after-tax contributions (made prior to January 1, 1979) and accumulated interest thereon from the Plan. However, there are no remaining plan participants under the age of 55 who made such after-tax contributions. Upon withdrawal, participants forfeited all benefits attributable to their contributions-plus interest. Contributions left in the Plan will increase benefit distribution amounts at retirement. Interest on principal and prior accumulated interest is calculated and credited on an annual basis. Interest is currently credited at 120% of the federal mid-term rate, as defined in the Plan document.

As of November 30, 2015, remaining participant contributions plus accrued interest totaled approximately \$103,058 (included in "Net Assets Available for Plan Benefits") for 61 participants. Of the participant contributions, \$49,496 represents contributions plus interest for 46 active participants and \$53,562 represents contributions plus interest for 15 deferred annuitants.

Printing Companies Component Plan

As of November 30, 2015, remaining participant contributions plus accrued interest totaled approximately \$501,365 (included in "Net Assets Available for Plan Benefits") for 140 participants.

Haddon Component Plan

Participants in the Haddon Component Plan may apply at any time to withdraw their optional employee contributions. Such a withdrawal consists of the amount of the participant's contributions, plus interest. Interest is currently credited at 120% of the federal mid-term rate as defined by the Plan document. Following such a withdrawal, the participant's benefit under the Haddon Component Plan consists only of the employer provided benefit required under the terms of the Haddon Component Plan.

As of November 30, 2015, remaining participant contributions plus accrued interest totaled approximately \$311,772 (included in "Net Assets Available for Plan Benefits") for 18 participants. This is all attributable to deferred annuitants.

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Moore Wallace Component Plan

Prior to commencing benefits, participants may withdraw their employee after-tax contributions (made prior to January 1, 1972) from the Moore Wallace Component Plan. Such a withdrawal consists of the amount of the participant's contributions plus interest. Interest is currently credited at 120% of the federal mid-term rate, as defined in the Plan document. Upon withdrawal, participants forfeit all benefits attributable to service before 1972. Contributions left in the Moore Wallace Component Plan will increase benefit distribution amounts at retirement.

As of November 30, 2015, remaining participant contributions totaled \$11,001 (included in "Net Assets Available for Plan Benefits") for 10 members. This is all attributable to deferred annuitants.

Plan Expenses

Administrative expenses paid by the Plan include recordkeeping fees, investment consulting fees, and most other administrative fees, including various printing and postage fees. Expenses paid by the Company and its participating affiliates include audit fees, legal fees, and some actuarial and other administrative fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain securities were reclassified in the statements of net assets available for plan benefits as of November 30, 2014 and investment income was reclassified in the statements of changes in net assets available for plan benefits for the year ended November 30, 2014 to conform with the current year presentation.

Retired Life Reserves

Retired life reserves related to group annuity contracts issued in connection with the Printing Companies Component Plan are separately maintained by Principal in its general fund assets to support the variable annuity contracts purchased for certain retired participants. The retired life reserves, totaling \$36,273,825 as of November 30, 2015 are excluded from the statements of net assets available for plan benefits as they are allocated to contracts and Principal guarantees these retirement benefits for retirees in pay status as specified in each individual contract. In the event that the variable annuity contract fails to cover the entire benefit obligation to a retiree in pay status, the difference will be paid for using Plan assets. These amounts paid by the Plan are included in "Benefits paid to participants" on the statements of changes in net assets available for plan benefits.

The group annuity contracts include funds held in contractholder funds, which are not commingled with the general fund assets of Principal. These unallocated funds of the contracts are reflected in the statements of net assets available for plan benefits as unallocated contracts. Under the terms of the group annuity contracts, Principal will, at

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

least once a year, make a transfer of funds from the Plan assets held in the unallocated contractholder funds to the retired life reserves, or from the retired life reserves to the contractholder funds, so that the aggregate of the retired life reserves as of such date is equal to the liabilities as of such date for all retirement annuities payable under the Printing Companies Component Plan. There were transfers of \$887,808 from the retired life reserves to the contractholder funds for the year ended November 30, 2015.

Investment Valuation and Income Recognition

The Plan's investments held in the Trust are stated at fair value. Fair value is the price that would be received or paid, as applicable, to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6, Fair Value Measurements, for further discussion. The "due to/from brokers" amounts represent securities transactions that have not been settled at year-end.

When investments are sold, the difference between the sale price and fair market value of investments at the beginning of the year is recorded as realized gain or loss. Unrealized appreciation or depreciation of investments held represents the change in the fair market value of the investments from the beginning of the plan year (or date the investments were purchased, if later) to the end of the plan year. Net appreciation and depreciation in the fair value of investments in the statements of changes in net available for plan benefits includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The realized and unrealized gains or losses on investments are determined based on revalued cost. Revalued cost is the fair value of investments at the beginning of the year or the average cost of investments if purchased in the current year.

Payment of Benefits

Benefit payments are recorded when paid.

Parties-in-Interest

The Plan invests in certain collective funds issued by the Trustee and, therefore, the related sales and purchases of interests in such collective funds qualify as party-in-interest transactions. Fees paid by the Plan for investment management services of these collective funds are paid to the Trustee and consequently are also party-in-interest transactions. In addition, the Plan pays administrative fees for services provided by the Plan's recordkeeper and reimburses Donnelley for administrative services performed, which are considered party-in-interest transactions. The cost of Donnelley's services reimbursed by the Plan did not exceed the cost of the services performed.

These fees are included as part of administrative expenses in the statements of net assets available for plan benefits for the years ended November 30, 2015 and 2014. None of the forgoing party-in-interest transactions constitute prohibited transactions for which an exemption is not available under ERISA.

Risks and Uncertainties

The actuarial present value of accumulated Plan benefits is determined based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the actuarial present value of accumulated Plan benefits.

The Plan invests in various investment instruments including government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rates, foreign

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

exchange rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Concentration of Credit Risk

The Trust invests primarily in equity securities, corporate bonds and government securities, or funds that invest in such securities and bonds. The investment managers invest in a large number of corporate and industry instruments to limit loss exposure. The equity securities are within a diverse portfolio of common stocks in multiple industries.

The corporate bond securities include a broad range of debt securities with various maturities and in various industries to diversify Trust investments.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient (“ASU 2015-12”). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value (“NAV”) per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor (DOL) Form 5500, as a direct filing entity, disclosure of that investment’s strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. RR Donnelley is currently evaluating the impact of the pending adoption of ASU 2015-12, but does not expect the update to have a material impact on the Plan’s financial statements.

Accounting Standards Update No. 2015-10 “Technical Corrections and Improvements: Amendments to the FASB Accounting Standards Codification” was effective for and adopted by the Company in 2015. The adoption of this standard did not have a material impact on the Company’s consolidated financial position, results of operations or cash flows.

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate NAV per Share (or Its Equivalent) (“ASU 2015-07”). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the NAV per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2016, with early adoption permitted. Donnelley is currently evaluating the impact of the pending adoption of ASU 2015-07, but does not expect the update to have a material impact on the Plan’s financial statements.

NOTE 3 – ACTUARIAL INFORMATION

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, which are attributable to the service employees have rendered to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Effective January 1, 2008, a Legacy Bowne participant's accumulated benefit under the Plan attributable to service rendered as an active participant on and after January 1, 2008 is determined under the following cash balance formula: As of the last date of each month

beginning on and after January 1, 2008 (or the date the employee first becomes a participant, if later), each participant's notional cash balance account is credited with a pay credit equal to 3% of his or her eligible compensation received during that month and with an interest credit. Effective December 31, 2011, notional cash balance accounts only earn monthly interest credits. The accumulated benefits for retired or terminated employees prior to January 1, 2008 are based on employees' compensation during their last five years of credited service. Effective benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by Aon Hewitt, LLC, the Plan's actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The principal actuarial assumptions and methods used in the valuation were as follows:

	<i>December 1, 2014</i>	<i>December 1, 2013</i>
Salary Scale	N/A, frozen plan (unfrozen Banta Hourly component assumes a 3% rate increase)	N/A, frozen plan (unfrozen Banta Hourly component assumes a 3% rate increase)
Employee Turnover		
Salaried and Hourly Employees Less than Age 55		
Less than five years of service	15-25%	15-25%
Greater than five years of service	7-15%	7-15%
Mortality	2006 base rates from the RP-2014 mortality study projected generationally from 2006 with Scale MP-2015	RP-2014 employees and healthy annuitants mortality table projected generationally using Scale MP-2014
Discount Rate	4.15%	5.0%
Normal Retirement Age	65	65
Credit Balance Interest Crediting Rate	3.75%	3.75%

The actuarial valuations are done using the beginning-of-the-year method. Therefore, the accumulated plan benefits for the Plan years ended November 30, 2015 and 2014 respectively, are presented from information provided by the actuary as of December 1, 2014 and December 1, 2013, respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The Legacy Donnelley Plan merged into the plan as of December 31, 2013. The

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEES AND PRINCIPAL

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. The Northern Trust Company “Trustee” serves as the Trustee since December 31, 2013, the effective date of the amendment merging the Legacy Donnelley Plan with the Bowne Pension Plan. Principal Life Insurance Company “Principal” is the issuer of the group annuity contracts, which beginning December 31, 2013 the unallocated contractholder funds of such contracts became Plan assets, in conjunction with the effective date of the amendment merging the Legacy Donnelley Plan with the Bowne Pension Plan.

In addition, The Bank of New York Mellon/BNY Mellon, N.A. (“BNY Mellon”) served as the trustee of the Bowne Pension Trust through its termination on August 25, 2014. Northern Trust assumed all assets of the Bowne Pension Trust during 2014. Accordingly, the Trustee, Principal and BNY Mellon have certified that the following data included in the accompanying financial statements is complete and accurate as specified:

- Investments (exclusive of the unallocated contracts), receivables, cash – non-interest bearing, liability to return collateral held under securities lending agreements, due to brokers for unsettled transactions, and

NOTE 6 – FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. These inputs are categorized in the three tier value hierarchy, which prioritizes valuation methodology based on the reliability of inputs, as listed below:

Level 1 – Valuation based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Valuations based on unobservable inputs reflecting the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

The following is a description by major asset categories of the valuation methodologies and levels used for determining fair value. There have been no changes in the methodology used at November 30, 2015 and 2014.

Cash and cash equivalents – Carrying value approximates fair value. As such, these assets were classified as Level 1.

Collective trust funds—The fair values of participation units held in collective trusts are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices, but are not quoted on active markets. As such, these are classified as Level 2. The investment objective of The JPMCB Strategic Property Fund is to produce a relatively high level of current income combined with a moderate appreciation by investing in improved real estate projects with stabilized occupancies. The objective of CF Wells Fargo Emerging Markets Equity Fund is to see long-term capital appreciation by investing at least 80% of its net assets in emerging market equity securities. The Fund seeks to outperform the MSCI Emerging Markets Index (Net Dividends).

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 6 – FAIR VALUE MEASUREMENTS (continued)

Each collective trust provides for daily redemptions by the Plan at reported NAVs per share, with no advance notice requirement. There are no unfunded commitments associated with the collective trust funds held by the Plan.

Equity – The values of individual equity securities were based on quoted prices in active markets. Primarily, common stock and publicly traded registered investment companies are classified as equities. As such, these assets are classified as Level 1

Fixed income – Fixed income securities are typically priced based on a valuation model rather than a last trade basis and are not exchange-traded. These valuation models involve utilizing dealer quotes, analyzing market information, estimating prepayment speeds and evaluating underlying collateral. Accordingly, the Company classified these fixed income securities as Level 2. Additionally, this category includes underlying securities in trust owned life insurance policies which are invested in certain fixed income securities. These investments are not quoted on active markets; therefore, they are classified as Level 2.

Derivatives and other—This category includes various other assets in which carrying value approximates fair value. Additionally, this category includes investments in commodity and structured credit funds that are not quoted on active markets; therefore, they are classified as Level 2.

Real estate —The fair market value of real estate investment trusts is based on observable inputs for similar assets in active markets, for instance, appraisals and market comparables. Accordingly, the real estate investments were categorized as Level 2. The real estate investment trusts can be redeemed once per quarter and have no unfunded commitments.

Private equity— Includes the Plan's interest in various private equity funds that are valued by the investment manager on a periodic basis with models that use market, income and cost valuation methods. The valuation inputs are not highly observable, and these interests are not actively traded on an open market. Accordingly, this interest was categorized as Level 3.

Collateral held under securities lending agreements – The category includes cash collateral that has been invested in a cash equivalent collective trust fund. These securities are valued consistently with the collective trust funds and fixed income descriptions above. Accordingly, these securities are classified as Level 2. The collective trust has no redemption restrictions, can be redeemed daily, and have no unfunded commitments.

For Level 2 and Level 3 plan assets, management reviews significant investments on a quarterly basis including investigation of unusual fluctuations in price or returns and obtaining an understanding of the pricing methodology to assess the reliability of third-party pricing estimates.

The valuation methodologies described above may generate a fair value calculation that may not be indicative of net realizable value or future fair values. While the Plan believes the valuation methodologies used are appropriate, the use of different methodologies or assumptions in calculating fair value could result in different amounts. The Plan invests in various assets in which valuation is determined by NAV. The Plan believes that the NAV is representative of fair value at the reporting date, as there are no significant restrictions on redemption of these investments or other reasons to indicate that the investment would be redeemed at an amount different than the NAV.

NOTE 7 – INSURANCE COMPANY ANNUITY CONTRACTS

In 1976, the Legacy Donnelley Plan entered into an insurance contract with Prudential Insurance Company of America ("Prudential"). Terms of the contract provide for a schedule of annual repayments of principal and interest over a 40-year term. Interest is currently earned on the contract at a 7% rate. The last payment under this contract was received on December 31, 2015.

The John Hancock Mutual Life Insurance Company group annuity contract represents annuities purchased to cover benefits accrued under the Legacy Donnelley Plan prior to January 25, 1951. This Contract was discontinued effective December 31, 2015.

The Great-West Life & Annuity Insurance Company group pension investment contract represents annuities purchased to cover benefits accrued to participants under the former R.R. Donnelley Norwest, Inc. Retirement Plan. The Norwest Plan was merged with and into the Legacy Donnelley Plan effective December 31, 1997.

NOTE 8 – TAX STATUS

The Internal Revenue Service ("IRS") issued a favorable determination letter dated October 20, 2014, in which the IRS indicated that the Plan, as then designed, was in compliance with the applicable requirements of Section 501(c)(9) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator, having consulted with the Plan's legal counsel, believes that the Plan remains tax-exempt as of the financial statement date.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan. The financial statement effects of an uncertain tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by taxing jurisdictions. The Plan has recognized no tax interest or penalties related to uncertain tax positions. The Plan could be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company and other participating employers. The funding policy of the Company and the other participating employers is to make cash contributions to the Plan in amounts needed to satisfy the minimum funding requirements of ERISA as determined by the Plan's independent actuary and such additional amounts as the Company, solely, shall determine to be in its best interest.

This calculation includes current service costs and an amount necessary to amortize funding deficits over a period of 7 years. For fiscal year 2015 and 2014, the minimum required contribution was \$0 and \$10,754, respectively, and the funding standard carryover balance was \$10,754 and \$998,866, as of November 30, 2015 and 2014, respectively. As of November 30, 2015 and 2014, the Company believes it has met the minimum funding requirements of ERISA.

The Surface Transportation Extension Act of 2012 (the "Act") was passed in June 2012 and included certain pension stabilization provisions that will allow the Plan to take advantage of more favorable minimum funding requirements as compared to the Pension Protection Act of 2006. The provisions have been extended as a result of the 2014 Transportation Act. As a result of the Act, the Plan minimum funding requirements as compared to prior requirements decreased by \$65.3 and \$66.6 million for 2015 and 2014, respectively.

NOTE 10 – PRIORITIES UPON TERMINATION AND PENSION BENEFIT GUARANTEE CORPORATION COVERAGE

The Plan provides that the portion of the Trust allocable to participants and former participants of a terminating employer, after providing for any expenses of the termination which are to be borne by the Trust, shall be allocated

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 10 – PRIORITIES UPON TERMINATION AND PENSION BENEFIT GUARANTEE CORPORATION COVERAGE (continued)

in the priority of categories set forth in Section 4044 of ERISA and regulations promulgated by the Pension Benefit Guaranty Corporation (“PBGC”) unless otherwise provided by law and regulations.

The Company has expressed no intention to terminate the Plan. However, the Company reserves the right to change, amend or terminate the Plan, subject to ERISA. Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor’s pensions. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, the PBGC does not guarantee all types of benefits under The Plan, and the amount of benefit protection is subject to a certain statutory ceiling, which is adjusted periodically limiting the amount of an individual’s monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2015 and 2014, that ceiling was \$5,011 and \$4,943 per month, respectively.

These ceilings apply to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

NOTE 11 – DERIVATIVE INSTRUMENTS

The Plan has limited involvement with derivative financial instruments and does not use them for trading or speculative purposes. As part of an overall portfolio strategy, an investment manager for the Plan uses cash, including cash equivalents and futures contracts to manage exposure to U.S. treasury securities. As of November 30, 2015 and 2014, the Plan held U.S. treasury securities of \$661,237,531 and \$853,398,289, respectively, with notional values of future contracts of equal amounts. Cash equivalents are defined as highly liquid debt instruments maturing within ninety days at the time of purchase. Daily margin settlement for future contracts results in maintaining a zero market value for the contracts. Gains and losses attributable to changes in market value are reflected in unrealized and realized gains and losses in the accompanying financial statements. Total net realized gains attributable to U.S. treasury securities short-term future contracts were \$8,939,727 and \$53,998,175 for the years ended November 30, 2015 and 2014, respectively.

The investment manager also uses both written and purchased Eurodollar options in the portfolio to manage interest rate risk and volatility exposure. Written options are used to generate premium income in stable interest rate environments. However, written options create an obligation to buy or sell underlying securities under more volatile interest rate environments. The in-the-money portion of these written options is collateralized with cash equivalent securities. Purchase options provide protection from undesirable directional moves in interest rates while retaining upside potential. There were no significant open Eurodollar option positions at November 30, 2015 and 2014.

NOTE 12 – SECURITIES LENDING

The Plan participates in a securities lending program through the Trustee. Securities lending utilizes certain existing securities of the Plan to earn additional income by loaning securities to approved banks and broker/dealers for a fee. In return for the loaned securities, the Trustee, prior to or simultaneous with delivery of the loaned securities to the borrower, receives collateral in the form of cash or U.S. government or agency securities as a safeguard against possible default of any borrower on the return of the loan under terms that permit the Plan to repledge or sell the securities. Loans are initially collateralized at least to 102% of the market value of the loaned securities. Cash collateral received is invested into the Core Short-Term Investment Fund managed by the Trustee similarly to a money market fund. Non-cash collateral received is held by the Trustee in a separate account and the Plan may not sell or repledge such non-cash collateral, and therefore has been excluded from the statement of net assets available for benefits

BOWNE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED NOVEMBER 30, 2015 AND 2014

NOTE 12 – SECURITIES LENDING (continued)

The Plan receives a portion of the income earned on the cash collateral (or fee charged on non-cash collateral loans) and also continues to receive manufactured payments equal to the income earned on the loaned securities. Any gain or loss in the market price of the securities loaned that may occur during the term of the loan will be for the account of the Plan. The collateral is marked to market on a daily basis. In the event the counterparty is unable to meet its contractual obligation under the securities lending arrangement, the Plan may incur losses equal to the amount by which the market value of the securities differ from the amount of collateral held.

The Plan maintains full ownership rights to the securities loaned and accordingly, classifies loaned securities within its investments. At November 30, 2015 and 2014, \$641,844,400 and \$756,689,895, respectively of the Plan's investments were on loan under the Trustee's securities lending program. The fair value of the collateral received as a percentage of the total current value of the securities on loan by the Plan was approximately 102% at both November 30, 2015 and 2014, respectively. The Plan recognizes the amount of the cash collateral received and a corresponding obligation to return such collateral on the statement of net assets available for benefits, which was \$624,050,622 and \$771,675,198 as of November 30, 2015 and 2014, respectively. The November 30, 2014 financial statements are restated to present the collateral held under securities lending agreements and the obligation to return such collateral on the statement of net assets available for benefits and to include the collateral in Note 6 – Fair Value Measurements, in the tabular representation of the fair value of plan assets by category. The Plan may not repledge or sell the non-cash collateral received and accordingly does not record such collateral on the statement of net assets. The non cash collateral's fair value is \$32,417,363 and \$2,278,302 as of November 30, 2015 and 2014, respectively. Net income derived from the program was \$1,317,018 and \$1,506,857 for the years ended November 30, 2015 and 2014, respectively.

NOTE 13 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 9, 2016, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

The sponsor of the Plan changed from RR Donnelley Financial, Inc. to R. R. Donnelley & Sons Company effective December 31, 2015.

In the fourth quarter of 2015, the Plan Administrator communicated to certain former employees the option to receive a lump-sum pension payment or annuity with payments computed in accordance with statutory requirements, beginning in the second quarter of 2016. Payments to eligible participants who elected to receive a lump-sum pension payment or annuity were funded from existing pension plan assets and constituted a complete settlement of the Company's pension liabilities with respect to these participants. The pension assets and liabilities were remeasured as of the payout date. The discount rates and actuarial assumptions used to calculate the payout were determined in accordance with federal regulations. As of the remeasurement date, the reduction in the reported pension obligation for these participants was \$319,657,049, compared to the payout amounts of approximately \$297,951,193. The Plan Sponsor recorded non-cash settlement charges of \$96,399,472 during the second quarter of 2016 in connection with the settlement payments.
