Health Care Just Got Easier

If you are enrolled in a Blue Cross and Blue Shield of Illinois (BCBSIL) plan, you now have access to a health advocate*.

Health advocates serve as a personal assistant for your health care needs. You may contact a health advocate to address your medical benefits questions.

They can help you and your covered family members:

- Get personal assistance with your health care matters
- Understand your health benefits
- Talk to a BCBSIL clinician about health questions
- Sort out a new diagnosis and what to do next
- Shop for quality, lower-cost health care

Cancer Services and Support

A cancer diagnosis can change your life forever.
We are here to help.

The Cancer Services and Support program, in collaboration with **AccessHope**, will give you the tools, resources, and expert advice to help you before, during, and after cancer treatment.

- **Cancer Support:** Our skilled cancer care nurses are on hand to help you prepare for doctor office visits, share treatment information or give emotional support—wherever you are in your cancer journey.
- **Cancer Expert Advisory Review and Support:** With AccessHope, you can ask that a medical expert reviews your case. This allows you to get expert recommendations and clinical trial matches while staying close to home.

Cancer care nurse support is available today by calling the number on the back of your ID card.

AccessHope is an independent company providing cancer support services for members enrolled with Blue Cross and Blue Shield of Illinois and is solely responsible for the services it provides. CANCER SERVICES & SUPPORT

BCBSIL Cancer Care Navigation

Expert Advisory Review & Support with
AccessHope

The BCBSIL certified oncology clinician completes a holistic assessment to identify gaps in care, support the employee in understanding their diagnosis and benefits, and coordinates with multiple specialists so employees and their families are encouraged to actively participate in their treatment plan.

The clinician will refer members to AccessHope.

Employees can request that an oncology medical expert review their case. A medical expert may provide recommendations for their treatment plan based on groundbreaking insights and discoveries to the employees and their treating oncologist.

Expert reviews from the NCI-Designated Comprehensive Cancer Centers for all cancer types, at any stage.

AccessHope's cancer support team provides ongoing resources, ensuring seamless support once the review has closed.
