SUPPLEMENTAL & VOLUNTARY BENEFITS

WITH YOU ON LIFE'S JOURNEY

Supplemental and voluntary benefits let you customize and enhance your RRD benefits to fit your needs and your life.

You may elect supplemental benefits when you are a new hire, during Annual Enrollment, or if you experience a Qualified Status Change event (e.g., marriage, divorce, loss of dependent status). You must be actively at work on the date the policy takes effect; otherwise, your coverage will not take effect until you return.

You may elect voluntary benefits (e.g., Allstate Identity Protection) when you are a new hire, during Annual Enrollment, or you may enroll or dis-enroll at any time during the year.

You pay the full cost of supplemental and voluntary benefits through after-tax payroll deductions.

Accident Insurance

An accident can happen to anyone in the family — and with it can come unexpected expenses not covered by medical insurance.

Accident Insurance does the following:

- Covers your family for a wide variety of on- and off-the-job accidental injuries, including broken bones, concussions, cuts, dislocations, eye injuries and second- and third-degree burns.¹
- Provides a lump-sum payment when a covered person has medical services and treatments related to accidental injuries, such as certain doctor visits, ambulance transportation, medical testing, physical therapy, and skilled nursing care.¹
- Provides additional coverage for sports-related injuries.
- Is a valuable complement to your medical insurance.
- Can help pay for out-of-pocket costs such as deductibles and everyday living expenses that can increase as a result of an unexpected accident.
- Can protect your savings from unexpected expenses, which could be substantial.
- Provides a cash payment directly to you, which you can use any way you see fit.
- Offers convenient payroll deductions.
- Has no pre-existing condition limits.
- Offers guaranteed coverage without a medical exam.
- Can be taken with you if you leave the company or retire.²

1. Covered services/treatments must be the result of an accident as defined in the group policy/certificate. See your Disclosure Statement or Outline of Coverage/ Disclosure Document for more details.

2. Eligibility for portability through the Continuation of Insurance with Premium Payment provision may be subject to certain eligibility requirements and limitations. For more information, contact your MetLife representative.

Health Event	Fall on stairs, broken ankle
Medical/Prescription Drug Bills	\$1,000
MetLife Benefit Payment	\$500

Critical Illness Insurance

Critical Illness Insurance pays a benefit if you or a covered family member is diagnosed with a serious illness on or after your coverage effective date. You receive a lump-sum payment of \$10,000, \$20,000 or \$30,000 when you or a covered family member is diagnosed with a covered health condition.

If you or a covered family member suffers more than one covered condition, the total benefit amount available to you is five times the initial benefit amount (\$50,000, \$100,000 or \$150,000). The payment is yours to spend as you see fit and is in addition to any other insurance you might have. Critical Illness Insurance:

- Offers convenient payroll deductions.
- Offers guaranteed coverage without a medical exam.
- Covers specific conditions such as cancer,¹ coma, heart attack, kidney failure, paralysis, Parkinson's disease, stroke,² certain childhood conditions, major organ transplant, certain infectious diseases, certain progressive diseases, and skin cancer (basal cell carcinoma, squamous cell carcinoma, or malignant melanoma that remains confined to the epidermis).
- Pays a cash benefit directly to you if you are diagnosed with a covered condition, which you can use any way you see fit.
- Can help pay for out-of-pocket costs such as deductibles and everyday living expenses that can increase as a result of a critical illness.
- Helps you focus on your recovery instead of your finances.
- Can be taken with you if you leave the company or retire.³
- **NEW!** Starting in 2026, you and your covered family members can each receive a \$50 cash benefit when you/they get a screening for one of the covered medical conditions.

NOTE: If you have a current condition and you enroll in Critical Illness Insurance, be sure to review the full details regarding preexisting conditions on myRRDbenefits.com.

1. The MetLife Cancer Insurance plan is based on the MetLife Critical Illness Insurance policy. MetLife Cancer Insurance includes only the Covered Conditions of Full Benefit Cancer and Partial Benefit Cancer.

2. In certain states, the covered condition is Severe Stroke.

3. Eligibility for portability through the Continuation of Insurance with Premium Payment provision may be subject to certain eligibility requirements and limitations. For more information, contact your MetLife representative.

ADDITIONAL VOLUNTARY BENEFITS

MetLife Commuter Benefits

Pay for your commute with pre-tax dollars — and save up to 30%. Taking advantage of MetLife's Commuter Benefits can help you get more mileage out of your paycheck by using tax-free funds accessed through a smart debit card to pay for work-related transit and parking.

You can have pre-tax dollars deducted from your paycheck and credited to a Commuter Benefits account — up to \$500 a month for transit and vanpooling (combined) and up to \$500 for qualified parking in 2026. Your funds can be rolled over month to month as long as you remain with RRD.

If you leave RRD, you will have a run-out period of 90 days after the plan year end date to submit any expenses incurred during active employment. Any remaining funds will be forfeited to the plan. If you are not spending your full contribution each month, you may want to reduce or stop your contributions and use up your available funds.

So many ways to save money

- **Parking:** Use the card for parking expenses. There's no cash up front, no claim forms to fill out and no waiting for reimbursements. Qualified expenses include parking for any vehicle at or near your work location or where you use mass transit.
- **Transit:** The card can be used for mass transit passes, tokens or fare cards purchased at a valid transit fare terminal (e.g., bus, train, subway, ferry, vanpool).
