Understanding terms in your dental plan

Deductible: (DPPO)

The annual amount you pay for dental care before your dental plan begins to pay.

Annual dollar maximum: (DPPO)

The most your plan will pay toward covered services during the plan year. Once you reach your plan's dollar maximum, you're responsible for 100% of the costs until the new plan year begins.

Coinsurance:

Your share of the cost of covered dental care services (DPPO usually after you meet your deductible). The plan pays the rest.

In-network:

Dentists and facilities that have contracts with Cigna to deliver services at a discounted rate.

Out-of-network:

A dentist or facility that doesn't contract with your plan and doesn't provide services at a discounted rate. Using an out-of-network provider usually will cost you more.

DHMO plans only available for emergency care.

Dental plan options

Cigna Dental Care[®] (DHMO)¹

General dentist: Choose any general dentist in the Cigna Dental Care[®] network who can coordinate your dental care

- Change your network dentist at any time
- Receive care from a pediatric dentist up to age 13

Network: Cigna Dental Care offers access to providers who have pre-negotiated the cost of patient care so there are no surprises. Emergency care is covered both in- and out-of-network.²

Predictable costs: Estimate treatment costs in advance based on your Patient Charge Schedule, then pay the pre-negotiated charge for each service listed, if applicable

Deductible: No deductibles, you don't have to reach an out-of-pocket cost before coverage starts.

Maximums: No calendar year or lifetime maximums, your coverage isn't limited by a dollar amount.

1. The term "DHMO" is used to refer to product designs that may differ by state of residence of enrollee, including, but not limited to, prepaid plans, managed care plans, and plans with open access features. The Cigna Dental Care[®] (DHMO) product availability varies by state and is subject to change.
2. There are no out-of-network benefits with a Cigna Dental Care[®] plan except in the case of emergencies. For residents of MN and OK coverage is available out-of-network. See Appendix A for details.

Network: Select any licensed dentist, but see bigger savings if you use a dentist in the Cigna Dental network.

Specialist: See a specialist without a referral

Deductible: An annual amount that may apply to covered services before your plan begins to pay.

Coinsurance: Once you meet your deductible and satisfy any applicable waiting period, this is the portion you will pay of your covered dental care costs.

Coverage: The amount paid by your plan depends on:

- The coinsurance level for the service you receive
- The dentist you visit
- Whether you've paid your deductible and/or reached your maximum

Maximums: Once you reach the plan's calendar year dollar and/or any applicable lifetime maximum, your plan will no longer pay a portion of your costs during that plan year.

1. Cigna Healthcare provides access to virtual care through national teledental care providers via myCigna.com as part of your plan. Providers are solely responsible for any treatment provided to their patients. Video chat may not be available in all areas or with all providers and is a requirement for this service. See your plan materials for the details of your specific Dental plan. This service is separate from coverage for virtual dental care obtained by your Dental plan's network and may not be available in all areas. A referral is not required for this service. Services may be available on an in-person basis or via telehealth from the enrollee's primary care provider, treating specialist, or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with California law. Enrollees that have coverage for out-of-network benefits may receive services either via telehealth or on an in-person basis using the enrollee's out-of-network benefits. Note: out-of-network benefits, if available, will generally include higher out-of-pocket financial responsibility and no balance-billing protections. Please refer to your benefit plan documents for specific information about your benefit plan and out-of-network benefits.

2. Dentists are unable to prescribe opioid or narcotic medications and are subject to all laws in your residence state regarding the prescribing of medication.
